

Frozen Drink Machine

- 1) * Push tab down on #1.
That is Power
- 2) * Pour ^{Alittle} water into both sides of containers
to make sure all is sealed tight
- * add 1 container of mix to each side +
fill up with water to the maximum
capacity line
- 3) * Push tab #3 + #5 down to
start the blades turning
- 4) * Push tab #4 + #6 down to the snow
flake ~ that will make the mix freeze
*

- 5) After you put the tops on, attach the
black cord to the lid + hit the #2 tab down for lights
(on the back of machine)
